ANNUAL REPORT 2014-2015

approaching ahead Smoothly...

ABOUT THE COVER

We all want success. Success means getting nearer to the place where we want to be. Choosing the right path is therefore ordinarily regarded as the most critical factor to reach the desired destination. But we, at Premier Cement define the means of success differently. As we know, success never comes in a simpler way; thus, while others are busy in searching for the simpler roads, we are working to create our own congenial 'Road to Success'.

As we believe, followers never deserve success, doer does.

Thus over the decade, Premier Cement has reached in an astute position by simply understanding the conventional business compass from a different point of view. And now through adroitly dealing with many ups and downs, responsibly creating numerous opportunities the Company has been approaching successfully along with the society towards its desired destination across the horizon.

FORWARD LOOKING STATEMENT

In this Annual Report of Premier Cement Mills Limited, hereafter we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements that we periodically publish contain forward-looking statements that set out anticipated results that reflect the management's future plans and assumptions.

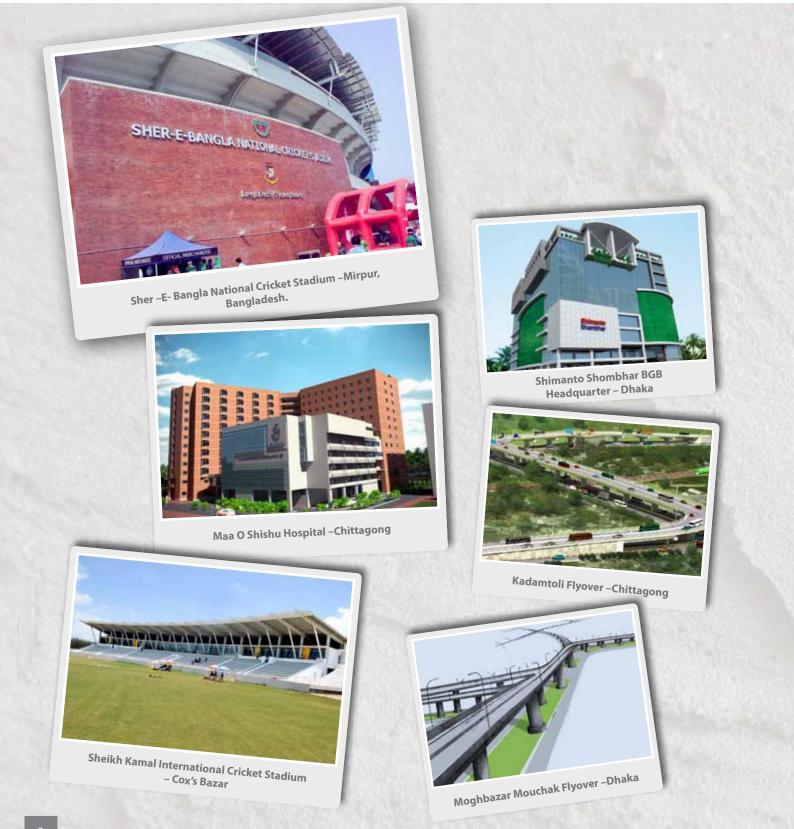

We cannot guarantee that these forward-looking statements will be realized, however, we believe we have been prudent in making assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected information. Readers' discretion is therefore expected.

We also do not undertake any obligation to publicly update any of these forward-looking statements except for the regulatory requirements, whether as a result of new information, future events or otherwise.

Introducing Premier Cement

Ethos & Values

VISION

Work towards the development of the society through sustainable growth and excellence in performance.

MISSION

To become a Leader in the Cement industry by satisfying the customers through production excellence, competitive pricing and by creating value for the stakeholders.

VALUES: THAT WE CARE FOR

Along with good Corporate
Governance, business ethics is an integral part of everything that our Company does. Our core values lies on ensuring highest standards of ETHICS in business integrity and process for the best interests of all our stakeholders - not just our customers - but also our shareowners, workforce and external parties who work together with us.

Code of Conduct and Ethical Standards

ur code of conduct lays out our Company's expectations and guiding principles for appropriate workplace behavior. The purpose of this Code of Conduct is to assure our every business activity being conducted in accordance with the applicable Laws, Regulations, Rules; and with the highest standard of ethics and values. The Board of Directors is responsible for setting and updating the standard of conduct contained in this code in accordance with the changing needs of all its stakeholders. This Code of Conduct is applicable to all Company Directors Senior management and Employees with a view to promote and ensure:

- honest and ethical conduct including ethical treatment of actual or apparent conflicts of interests between personal and professional relationship,
- full and fair disclosure in reporting,
- and compliance with all applicable laws, rules and regulations.

Honest and Ethical Conduct:

All the Directors and Employees shall act in accordance with highest standard of personal and professional integrity, honesty and ethical conduct.

Legal Compliance

It is the general obligation of the Directors as well as Management to conduct the business and operations of the Company in accordance with the laws, rules, regulations, agreements, guidelines and standards governing its operations in the country. The Directors and Senior Management personnel therefore expected to be conversant with legal requirements relating to their duties sufficient to enable them to perform their obligations diligently.

Conflict of Interest

The term "conflict of interest" refers to situations in which any type of personal benefit may compromise the professional judgment of Directors or Management Personnel. The Directors and Management personnel are expected to avoid and disclose any activity or association that creates or appears to create a conflict between the personal interests and the Company's business interests. Any form of relationship or

association with other entities which can be materially significant to the Company should be disclosed and permission from audit committee as well as Board of Directors should be taken thereby.

But, no bar is imposed over the Directors' personal investments, social relations or conducting normal business courtesies. But they should ensure that such activities do not directly or indirectly compromise the performance of their responsibilities. Furthermore, political participation, if any, may cause to sacrifice their duties towards the Company. If any member of BOD decides to do so, disclosure to and approval from the Board of Directors is expected.

Business Relationships

Directors and management should not be engaged, directly or indirectly, in any act which may bring discredit to the Company. They must not make a commitment that the Company cannot honor because the business of the Company is expected to be conducted legally and ethically and by no means, profits will justify any use of unethical business practice.

Corporate Disclosure

Directors and Senior Management personnel are liable to full, fair, accurate, timely and understandable, relevant disclosure in reports and documents it files with or submits to the regulatory bodies and publishes through the medium of public communications. They should not knowingly misrepresent, or cause others to misrepresent, facts about the Company to others within or outside the Company including to the Company's Audit Committee, Statutory Auditors, Govt. regulators and investors.

Privacy & Confidentiality

Directors and management personnel must ensure that no confidential information as well as forward-looking statements or any information which can influence capital market without approval from respective authority. Also they must not disclose any information regarding proceedings of Board meetings / Committee meetings / internal meetings or any tentative decisions about to be taken in those meetings.

The following information, along with other information as directed by the Chairman of the Board, may be termed as confidential

- Information on trade and any trade secrets
- Confidential and privileged information regarding customers, employees
- Information relating to mergers and acquisitions
- Dividend, stock splits and divestitures etc.
- Plans relating to business issues and decisions which is not available in the public domain at that point of time

Confidential information or forward-looking statements, however, can be disclosed with prior approval from appropriate authorities or as legally mandated.

Fraudulent and Unfair Practices in the Securities Market

The Company prohibits its Directors and Management from any fraudulent and unfair trade practices in the securities market, with regard to the securities of the Company or of any other Company with whom the Company has business dealings to the best of their knowledge.

Protection and proper use of Company's opportunities and Resources

Unless approved by the Board of Directors, Directors and Management personnel are prohibited from taking personal benefit from any opportunities that belong to Company. Furthermore, every employee and Director must protect the Company's assets from loss, damage, misuse or theft. They must ensure that the assets are only used for business purposes and other purposes specifically approved by Management. Also, they must not apply the Company's assets or information for personal benefit or for the benefit of any other related party.

Fair Dealing

Any personnel inside the Company must not discriminate other employees, customers, suppliers or any business partners based on caste, religion, gender, nationality or disability of any kind. Also, they must not give unfair benefit to any employee, customer, supplier, or competitors through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other unfair-dealing practice.

Reporting of Illegal or Unethical Behavior

Directors or Management must not suppress/ conceal any report regarding violation of laws, rules, regulations or unethical conduct reported by the Audit Committee. Rather, they must take immediate action on correcting such violation. Also, they must ensure that no violation of laws, rules, regulations or unethical conduct remains confidential by any employee. Employees are free to report existing/probable violations of laws, rules, regulations or unethical conduct to their immediate supervisor or such other person as may be notified by the Management to the workgroups.

Health, Safety & Environment

Company must comply with all the relevant environmental, safety and health laws and regulations. Directors/ Management must run the operation of the Company in an environment friendly manner and provide a safe and healthy working environment to all of its employees.

Applicability, Amendment, Modification & Waivers

The comprehensive code applies equally to all employees, Directors and Management personnel. Directors shall communicate any suspected violations of the Code promptly to the Audit Committee. Suspected violations will be investigated by Audit Committee and appropriate action will be taken if the violation is so confirmed.

In consultation with the Audit Committee, Board of Directors may amend, modify, or vary this Code, subject to relevant provisions of law, rules, regulations and guidelines in force. The Board will not grant exemption to this Code. But in case of extraordinary situations the Board may waive or grant waiver from anyone or more from this code but reasons, explanations of the exception must be approved, written and filed thereby.

As this Code does not specifically address every potential form of unacceptable conduct, Directors should exercise good judgment to comply with the principles set out in this Code. Therefore, Directors should avoid any circumstances that will violate the spirit of this Code.

Our Strengths and Resources

Product Quality

Quality and strength are the core attributes of our cement and being continuously maintained by us in every sphere of our production process. Our products is certified by BUET, BSTI and ISO 9001:2008 and our fully automated manufacturing facility complies with Bangladeshi BDS EN, American ASTM, European EN and Indian BIS standards. Procurement of best quality raw materials and constant monitoring of the entire process through well equipped laboratories and computerized raw material feeding systems ensures the endurance benchmark of our products from the production ends to constructions. Not just to meet but to exceed the generally accepted quality standards we have following in-house testing facilities:

- Fineness of Cement by air permeability apparatus
- Normal consistency
- Setting time (1ST and FST)
- Mortar and Flowability test of Cement
- Chemical test (Major and Minor properties of Cement)
- Soundness test
- Autoclave expansion
- Chloride test by Spectrometer
- Alkalies test by Photometer
- Concrete test and Mix Design by our own concrete lab

Production Process

Production Process Planning or PPP is a strategic planning mechanism in our everyday operation which ensures optimum level efficiency in output generation as well as in cost minimization. It is a structured guideline and a roadmap to us that helps us to know where we are going and how long it will take us to get there. By planning and adopting such prudent strategies as well as maintaining coordination and integration of all the factors of production for optimum efficiency, our human resources are ensuring an environment of uninterrupted production of our products. Furthermore all our units are ensured by three diesel based generators with 1.95 MW capacity and two gas based power generation plant with 5.34 MW capacities for continuous supply of power in order to maintain stability in our whole production process.

Production Capacity

Based on production capacity, we are one of the top five cement producers in Bangladesh. Our manufacturing facility can produce more than 2.40 million MT cement per year and the amount also peaked to 2.82 million MT per annum, combining the associate's capacity of production. At the very beginning, the company had started its operation by having the capacity of only 2,000 MT per day but after setting up four consecutive production units the company now possesses an exulting production capacity of 9,400 MT per day with its uninterrupted production process. Amongst the four the last unit was installed in January 2013. Considering the maximum production capacity, future demand of our cement is fully ensured with these substitutive production units in upcoming years.

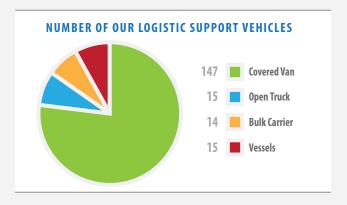

Logistics and Distribution

Being in a highly logistic reliant industry, we always strive to maintain synergies in every facet of our Logistics and Distribution; in order to apply cost minimization strategy, to have first mover advantage and to avoid waste of

We have a strong distributor network of:

time and materials. Over the years by re-looking at the logistics management and delivery system, a significant improvement at time and costs were achieved. Furthermore we have the most advantageous plant locations, a strong dealers' network and a robust logistic team that is second to

none. As a result, door-to-door delivery of our product in a timely manner became a usual practice in our business.

Marketing Excellence

To reinforce the customer value proposition, our marketing and sales teams demonstrate new sense of vitality and innovation while facing the challenges involved in dealing with a fast-moving market. Our young and energetic sales personnel engaged themselves with strengthening and nurturing the company's brand advantage, to maintain its share in an increasingly competitive market. Reaching out to our customers, our sales force strives to listen to them; to know them better, to understand their needs and to address their concerns with a valuable offer and differentiated customer experience.

Information and Technology

No company today can survive in isolation, nor can it work without the use of Information Technology. Considering IT as lifeblood of our Company, we are ripping out the benefit of modern information and communication technologies into our business practice by hiring IT literate workforce and training the existing employees to the farthest possible extent. Our strong IT department strives tirelessly to ensure continuity in business process and communication. All the functional units of the Company use the Enterprise Resource Planning (ERP) system software which enables integration among the departments with proper management and assured storage system of information. And for real time monitoring of entire operation, both of our office and factory premises are under constant surveillance through close circuit cameras that are administered from the corporate office.

Location and Advantage

One of the key ingredients of business success in such a logistics based industry that we are in is 'location'. Our plants' locations hence conform with, and are part of our overall corporate strategy. Our factory is located at Muketpur, Munshiganj and our associate Company is located at Issa Nagar, Karnafuly, Chittagong. These locations alleviate us to achieve greater cost advantage by means of adequate access to customers, transportation, materials and so on. At the same time, 100% geographical coverage through 11 warehouses at different strategic locations in the country fostered us to ensure effective time management and to maximize opportunity while minimizing

costs and risks associated with the business.

Bag Plant

All successful business startups have to deal with the issues of handling business expansion or growth. Similarly we also sought for growth in every moment. Thus through our strategic expansion process, we have successfully set up a hi-tech international standard Bag Plant at our factory premises to attain further growth. Owing the Czech Republic origin technology and German machineries; the plant is capable to produce more than 26 Million bags per annum. We started import of BSW bag plant machineries on 18 April 2013 and on 14 July 2014 the plant commenced its commercial production. From then the plant is not only alleviating us to have comparative advantages by reducing backward linkages but also precluding us from any unfavorable price fluctuation in packaging industry.

Personnel

Premier Cement believes human resource as the most valuable resource for any entity indifferent to its size. The Company always endeavors to provide an environment for continuous innovation and improvement of its personnel by rewarding for their dedicated efforts in achieving Company's goal. We think whatever we achieved from where we started our journey long back, is the result of our people's efforts. So, we consistently provide our people excellent opportunities for learning right from the stage of recruitment to workplace. We attract, groom and retain talent to spearhead our growth strategies. Our people are our priority; we empower them to excel and develop to the full extent of their potential. We ensure that our policies elevate and enrich the lives of our people and make our bond with them stronger. At present our Company has more than 1500 employees and workers in total, of which around 300 employees are working at our corporate and registered office. The rest including both casual and permanent employees working districts wise and at our Factory premises. We do possess a long term sustaining policy to nurture the human potentials in our workplace by retaining and grooming them across all levels of the Company. Our management also devoted to account potentiality, performance and cost associated to nurture human resources. As a result we have been initiated an HR accounting process that applies to the entire HR management of our business.

Chairman's & Directors' profile

Mr. Mohammad Mustafa Haider

Chairman, Premier Cement Mills Limited

Mr. Haider is the successor of Md. Abul Kalam, a great legend of 21st century's domestic business field and the founder Managing Director of T. K. Group of Industries. He involved himself in various manufacturing industries especially in cement industry during his 21 years of business life. He is also running few trading houses, engaged in trading of cement and other construction materials.

Mr. Kabir currently serves as the Additional Managing Director of M. I. Cement Factory Limited and Director of Crown Power Generation Limited, GPH Ispat Limited, GPH Power Generation Ltd., Jahangir & Others Limited, Chittagong Capital Ltd. National Cement Mills Ltd., Indo Steel Re-rolling Ind. Ltd., Premier Power Generation Limited, Crown Polymer Bagging Ltd., Crown Transportation & Logistics Ltd. and Crown Mariners Ltd.

Mr. Mohammed Ershadul Hoque

Director, Premier Cement Mills Limited

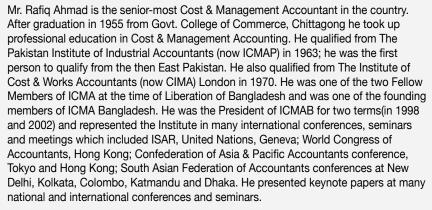

Mr. Mohammed Ershadul Hoque was appointed to the Board on November 20, 2004 as a Director. Mr. Hoque is the successor of Late Mohammed Nurul Haque. He completed his Bachelors and Masters Degree in Computer Science and Telecommunication from University of Texas at Dallas, Texas, U.S.A. in 2004. Since his return to Bangladesh in 2004, he has directly involved with the day to day factory operations of Premier Cement.

Mr. Hoque is holding Directorship responsibilities in Saif Shipbuilding & Engineering (Pvt.) Ltd., N H Exim and Services Limited, Premier Power Generation Limited and National Cement Mills Limited.

Chairman's & Directors' profile

Profile of the Independent Directors

Mr. Rafiq Ahmad, FCMA

In his long service career at home and abroad he had the opportunity of working with eminent professionals and corporate heads of different nationalities such as British, American, German, Belgian, Swiss, and Arabs in addition to Bangladesh nationals in manufacturing industries, Public Sector Corporations, Oil sector, Heavy machineries and professional firms.

He has in his credit more than 58 years of experience with various National and Multinational organizations (mostly of European origin) at home and abroad such as Chittagong Cement, Aramit Cement, S Alam Group, National Oil Corporation, Libya, Carew & Company Ltd, Sugar Mills Corporation etc. He worked with Premier Cement Mills Limited actively in the age of its formation from November 01, 2001 till December 31, 2012 and later he was co-opted as an independent director of the Board.

Mr. Tariq Ahmed

Mr. Tariq Ahmed received his Masters degree from Dhaka University in 1977 and immediately joined Shaw Wallace Bangladesh Ltd. in their Tea Plantations. He then joined Lever Brothers Bangladesh Ltd. (now Unilever Bangladesh Ltd.) as a Management Trainee in 1980. By the year 1986, he was the Manager, Exports of Lever's International Trading and Marketing department. And by 1997, he was the Head of Food Marketing in the same organization. For the next two years, Mr. Tariq worked as the HR Manager of the company. During his tenure with Unilever, he attended numerous international trainings including a one year stint at Unilever Foods in UK in 1983.

He joined T. K. Group of Industries as the Director, Operations in 1999. He has with him 34 years of management experience with exposures in both international and local businesses.

Mr. Tariq Ahmed has been co-opted as Independent Director of Premier Cement Mills Limited in place of the company's former Independent Director, Mr. Mahbubul Alam; who had resigned from the post for his personal reasons. The appointment of new Independent Director along with the re-appointment of Directors retired by rotation were both duly confirmed and approved by the shareholders in the 12th Annual General Meeting (AGM) of the Company held on 27th December 2014 at Chittagong Club, SS Khaled Road, Lalkhan Bazar, Chittagong.

The Board of Directors complied the provisions regarding Chief Financial Officer, Internal Auditor and Company Secretary according to rule 2 of Corporate Governance Guidelines. The declaration of CFO and CEO to the board as to Financial Statements and legitimacy of all business transactions is presented as Annexure IV.

Message from the Chairman

"The 'Road' to success is not easy to navigate. Because success never measured by how much distance we have covered so far but how many different 'Roads' have been created by us."

Mohammad Mustafa Haider Chairman

Dear Shareholder,

Assalamu Alaikum Wa-Rahmatullah

My heartfelt welcome to you all in the 13th Annual General Meeting of Premier Cement Mills Limited for the year ended 30 June 2015.

Premier Cement Mills Limited is proud to have its decade long rich history and varied experience in cement industry. The company has grown from its foundations to a workforce of more than 1,500 employees working diligently throughout the country and continuously enhancing our product, broadening our market reach, and offering a more quality output to both national and international customers.

Honorable Shareholders, you might know that, the Global economy mostly economies of developing nations witnessed another declining growth trend as a result of the various challenges faced to go through their transition period. Also the operating environment for business in South Asia region continued to be tougher during the 2014-2015 financial year due to many prolonged political and economical disruptions.

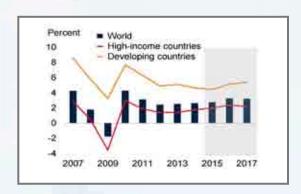

Figure: Growth forecasts.

Source: Global Economic Prospects (June, 15), WB

But by the Grace of Allah, it is my immense pleasure to report you that, our Company has attained considerable financial results albeit the existence of such unfavorable and unavoidable conditions. We consider the outcomes of this year as one of our best ever result for the Company in such challenging circumstances. That resistance and continuous performance of our Company

was made possible through the guidance of the sponsors/ board of directors as well as relentless dedications of our employees.

Tremendous efforts of our workforces have achieved the largest volume of sales in our history and 3rd highest level of Net profit in the current year. Our results reflected the skillful execution of our business plans, which stress increasing our national and international customer base while keeping a tight grip on costs and assets. As a result, our company is now well-positioned to earn solid revenue in upcoming years even in a softer socio-economic progress. This year our company has reported BDT. 8,098 Million sales compared to BDT. 7,539 Million of previous year. Though Company's revenue has increased by 7.42% over the year but its Net profit has reduced by almost 19.68% and figured to BDT. 408 Million only.

Demand of our global customer base remains prosperous this year and that amounted highest of Premier Cement's history to a net export of BDT. 246 Million, which is exaggeratedly higher than BDT. 94 Million of previous year. Whereas nationwide sale increased by almost 5.5% and totaled to BDT. 7,852 Million. Despite having increased outcomes in both local and export revenues (5.5% and 161.70% respectively) our profit has lagged comparatively. This wayward behavior was the result of the unfavorable stances in both economic and political ground. Because throughout the year we had to subsidize heavily in our logistics and distribution expenses as well as in overall supply chain activities. And that eventually shrunk the operational profit for the year under review.

Nevertheless, our structured policies and prudent strategies has been ensured us a firm and ever-growing market position in both home and abroad. Therefore simultaneously holding that growth prospect of market share, we are now concentrating more on attaining overall operational efficiency and adopting more cost minimization strategies to have a comparative edge over the rivals.

Furthermore we believe that, the critical factor for achieving sustainable growth in economy depends on effective participation of all the sectors. And it is a matter of pleasure that, the sector we are in is contributing increasingly in national economy over the years. According to Bangladesh Bureau of Statistics, correspondingly with different sectors, this year Construction sector has contributed 8.63 percent of total GDP compared to 8.08 percent in the previous year. Other factors like allocation in Annual Development Programme of our budget, national cement consumption per capita, national infrastructures development rate etc have also been positing an optimistic outlook over the years. Therefore the sector can obtrusively expect more and steady demand of cement, an important product of construction materials in upcoming years. And in response to this growth phenomenon our

four substitutive well functioned production units are always ready to meet such challenges in future through uncompromising quality at an affordable cost.

Business, to be meaningful and truly profitable, should result in happiness for all concerned. Our personnel are thus extensively trained as well as motivated to produce such, a beneficent entity for all in the society. In that concern we prioritize health, safety, quality and the environmental preservation are among the most important concerns for us and we follow strict regimes and quidelines for continuous improvement in these aspects.

Finally I am expressing my heartiest thanks to the fellow BOD members and company's human resources for their dedication and contribution. I also take this opportunity to thank our shareholders for their continued support towards us and for our business. Since our historic listing on the exchanges, we have worked on their behalf to build and lead a company that capitalizes on opportunities to grow. A company that exhibits the financial strength to weather both good and challenging market conditions and a business that operates with only the highest standards of integrity and excellence to be a more meaningful entity.

With best wishes to you all,

MOHAMMAD MUSTAFAIHAIDER

Directors' Report

Dear Shareholder,

The Board of Directors of Premier Cement Mills Limited welcomes you all in its 13th Annual General Meeting. According to the provisions of Section 184-186 of the Companies Act 1994 and notification No. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August 2012 of the Bangladesh Securities and Exchange Commission, It is a pleasure of the Board to place herewith the Directors' Report and Auditors' Report together with the audited financial statements of the Company for the year ended June 30, 2015.

Macro circumstances

After addressing the legacies of the global financial crisis, ranging from debt overhangs to high unemployment, the world economy had moved favorably as a result of adopting effective program in Eurozone and financial austerity resulting from fiscal cliff. At the same time the upward pressure of sovereign debt crisis in Eurozone has fairly appeased. For meeting up the debt crisis, the comparatively small economies have been able to receive the long term sovereign debt. And the economic activities of the developing and emerging countries have also gathered pace recently. Considering the South Asian region, China and India are contributing the largest global output volume with the help of their strong infrastructural and adequate expertise supports. Combining these robust economic growths, the United Nation forecasts that the economic growth in South Asia as a whole is aiming to rise up from an estimated 4.9% in FY2014 to 5.4% in FY2015 and will approach 5.7% in FY2016. Moreover, with the international oil prices declining, the inflation pressure has come to an ease across the region, which supports further to accelerate economic outlook for the upcoming periods.

Domestic economic scenario

Economy of Bangladesh is not getting its desired momentum as it continuously facing challenges from different aspects in every year. Turmoil at political ground, plunges in investments as well as inflationary pressure became the most common constraints in overall economic progress of the country. But albeit facing such challenges, being the 35th largest economy in the world on purchasing power parity basis, our country is expected to have upper middle class status by 2021. The IMF has projected that Bangladesh will be the second in the list of highest growth countries in the world in FY2019 with 7% growth rate. While the recent data showed an increase in provisional GDP of 6.51 percent according to Bangladesh Bureau of Statistics; consecutively the rate of poverty has remarkably declined to 24 percent recently from

Staying away from risks and uncertainties is just 'Salvation'; but learning how to manage them is the only 'Solution' for us. Because we know avoiding difficulties means nothing but embracing the ordinariness and merely forgoing the most precious destination in business.

31.5 percent estimated in 2010, based on the Household Income and Expenditure Survey (HIES). And in accordance with these GDP growth as well as reduction in poverty incidence, the per capita income of the country already reached to \$1,314 in FY 2015 compared to \$1,190 and \$1,044 in FY 2014 and 2013 respectively. Our foreign currency reserve also remarkably increased and set the record to an amount of more than \$ 25 billion at the end of this reporting period. With the view of such outperforms, recently WB and ADB have projected the GDP rise to 6.3 and 6.4 percent respectively for upcoming year. In their assumptions, this projected growth will mainly be driven by stronger domestic demand resulting from increased public investment in infrastructure, some revival in private investment activities; and domestic consumption growth resulted from remittance recovery and increase in per capita income level.

GDP GROWTH RATES AND PROJECTIONS AT A GLANCE 2016-17 2015-16 2014-15 2013-14 2012-13 (P) 3 7 8 0 2 5 6 BBS WB ADB IMF 2012-13 6.07 6.01 6.00 5.80 2013-14 6.06 5.40 6.10 6.10 2014-15 6.51 6.50 5.60 6.31 2015-16 6.30 6.70 6.76 6.70 2016-17 (P) 7.00 Source: Respective Agency (P): Projection

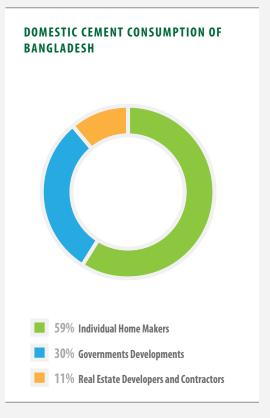

Apparently, despite various obstacles, the way our economy is progressing is praiseworthy. Our economic insusceptibility of many misfortunes have confided us to get rid of our current underneath presence of 7 percent GDP growth trap; so that our nation can attain its most desirable status of upper-middle income country in no time.

Industry overview

Back in 1960s, almost 95 percent of total cement consumption was being imported from different countries like Indonesia, Japan, Indonesia, South Korea and China. But currently this industry has become fully self-sufficient by its local production, moreover every month on an average 15,000-20,000 MT of cement is being exported by the industry. The industry is now one of the promising and rapidly growing industries in construction sector which has been transformed from import reliant to export oriented in recent years.

The supply side of this capital and energy intensive industry has more than 30 active players including both local and multinationals, created a domestic market of more than 18 million metric tons a year. Many of these cement factories are fairly small as 81 percent of total

market share is held by top ten manufacturers. Companies with financial supremacy and technological acumen which have adopted good marketing strategies and country wide distribution channels are the best performers in this industry. At present the demand side of the market is mainly dominated by Government's infrastructure development projects, industrial constructions, real estate companies and independent home builders.

Directors' Report

And according to Bangladesh Cement Manufacturers Association (BCMA), out of total production, 80% cement is consumed in Dhaka & Chittagong division and the rest in other divisions. Due to rapid pace of urbanization, industrialization, large-scale infrastructural and Governmental development projects as well as construction of various commercial and residential buildings, demand for cement has markedly increased and expected to be continued in future.

Industry development & potentials

Historical data has been showing a very optimistic and positive growth in Cement industry. As an important part of construction sector, this industry is continuing to grow by an annual average of 20-25 percent which is mainly driven by high spending on infrastructure projects and the increasing demand for housing units. Besides growing individual demand, the government of Bangladesh planned to transform the country to an upper-middle income country by 2021 and that actually portrays greater Annual Development Program (ADP) expenditure in near future. At present around 30% of the total cement produced

locally is consumed by the Governmental projects through ADP. And it is growing at an average annual rate of 24% over the last 5 years. Furthermore, future governmental investment in large scales like Padma Bridge and Dhaka City Elevated Expressway construction has also been exerting future massive demands for Cement. To capitalize on this prospect of growth, some companies already taken initiatives to expand their production capacity which added an additional 10.5 million MT of cement in the supply side of the market in recent years. Currently, the demand for cement in our country stands at 17.5Mn Mt against production capacity of 28MnMt. And industry average capacity utilization stands at 75%. Therefore the industry holds a very optimistic view in terms of volume, revenue and employment generation in future. And above all, demand of cement as well as other construction materials are positively correlated to GDP growth; and with a consistently rising GDP forecast, demand for cement is set to increase further in the coming years.

State of the Company's affairs

Company's Subsidiary, Premier Power Generation Limited, was incorporated on September 07, 2006 with an installed capacity of 5.34 MW run by Natural Gas to supply uninterrupted power solely to its parent Company. And in 2010, the Company acquired 40% shares of National Cement Mills Limited (the Associate), the factory of which is situated at Issa Nagar, Karnafully, Chittagong. National Cement Mills Limited was incorporated on 10th September 1996 as a public limited company, having a yearly production capacity of 420,000 MT. Initially, NCML could not start its production due to lack of necessary infrastructures. After acquisition of its shares, necessary BMRE were made and production was started from October 2011.

In the year ended 30 June 2015, satisfactory performance from the Company's subsidiary and associate can be seen in the financials. For instance this year revenue of PPGL

amounted to 92 million bdt., which generated a profit of almost 50 million bdt. on the other hand, NCML's sales revenue stood at BDT 965 million and Net Profit after Tax amounted to BDT 5.03 million followed by 34% and 8% increase respectively.

In October 2012 the Company got BSEC consent regarding public issue and in the following year the Company got listed with Dhaka & Chittagong Stock Exchanges by floating 1.20 crore ordinary shares of Tk. 10 each.

Operational review

Over years, our spirit and experience turned every adversity into an opportunity to make Premier Cement a better and more efficient Company day by day. Our huge investment in plants and in well equipped laboratory also helped us to attain a supreme position with an excellent product quality. Our whole operation is furnished with:

- a 5.34 MW German origin Gas Based Power Generation Plant,
- 6 Ball Mills having 9,400 total MT capacity per day,
- 7 Roto-Packers and
- a well established Bag Plant having capacity of more than 26 million bag per annum.

After expanding our production facility and becoming one of the leaders based on production capacity, our core concern is now to become one of the top three most profitable cement manufacturing companies by improving the entire operation activities day by day. Along with maintaining an effective production process, continuous cost-cutting targets and stricter scrutiny measures were implemented in our operation. Our manufacturing excellence, supply chain efficiency and effective promotional activities have resulted in the creation of a powerful brand image for the Company. Concurrently Company's know-how sharing and supporting culture has also drawn

favorable outcomes from our associate and subsidiary. Furthermore our management also seamlessly working on identifying and mitigating different untoward issues within the Company such as communicative lag between departments. problems with customer relations, operating inefficiency, lack of profitability issues, and other factors that can affect the stability of the business.

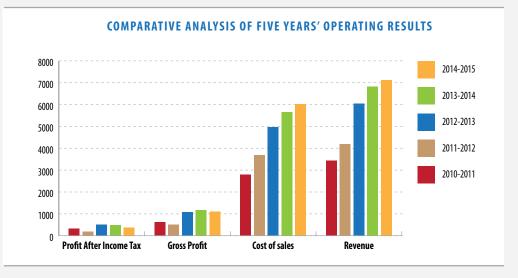

Standalone financial performance

We believe Premier Cement Mills Limited could have achieved greater sales revenue growth this year. But it is unfortunate that the Socio-economic uncertainties as well as slackness of the industry have decelerated our growth. But optimistically despite many obstacles, we have achieved a positive outcome in terms of sales volume from standalone point of view and our strong financials indicate more well-off position in our current business operation. Comparative standalone sales performance and the separated figures of our proceeds can be found in the following table:

Segment wise Sales performance

Year	Local sales (MT)	Export (MT)	Aggregate Sales Revenue (Tk.)	Growth %
2009-2010	306,695.65	29,270.75	1,862,271,084	36%
2010-2011	566,368.45	37,140.00	3,428,083,698	84%
2011-2012	690,721.00	21,520.00	4,193,065,049	22%
2012-2013	917,534.00	21,596.00	6,037,165,868	44%
2013-2014	967,911.00	16,500.00	6,819,174,802	13%
2014-2015	1,063,548.00	42,015.00	7,133,420,289	5%

In the year of 2012-2013 and 2010-2011, significant changes took place in sales volume, net profit and other operational indicators which are mainly due to the installation of two (3rd and 4th) new production units. After subsequent installation of 4th unit in FY 2012-2013, a notable enhancement in total installed capacity was achieved, which stood at 2.4 million MT. Correspondingly the demand for our products continues to grow as we are committed to deliver the best in quality among all the producers in the country. As a result our capacity utilization rate as well as brand loyalty of our products has also been increasing day by day. The following graph depicts company's other operating results consecutively for five years.

Directors' Report

Though our contingency plans of imports and storage facility is capable to restrain any unfavorable outcomes in our cost of production but unfortunately Company's Gross Profit has shrunk despite of steady increase in our sales. The downturn occurred mainly because of prolongation of political and economical volatility. We had to subsidize severely for months in our supply chain and logistics activities which further led to a slight fall in the Net Profit for the current year.

Consolidated financial performance

Comparative 5 years operating and financial data

Details of 5 years Consolidated Statement of Comprehensive Income and Statement of Financial Position are presented in Shareholders' corner.

Deviations and their explanation of Operating and Financial Results

Progressive outcomes in terms of sales and capacity utilization are seen in our year end results. This year the Company has attained its highest revenue ever in its history, which stood at BDT 8,098 million with a 7.42 percent growth from BDT 7,539 million in the former year. Although Net profit amount has slightly decrease this year due to the surrounding effects of business, but strong grip of the management over the cost related to unsystematic risk can be seen in the company's' financials.

Significant deviations from Last Year's consolidated Operating and Financial Results

Particulars	30-Jun-14	30-Jun-15	Growth %
Revenue	7,539,574,982	8,098,701,152	7.42
Gross Profit	1,295,934,121	1,238,937,792	(4.40)
Profit from Operation	1,106,101,327	908,022,098	(17.91)
Profit After Income Tax	509,102,218	603,917,604	(19.68)

Particulars	30-Jun-14	30-Jun-15	Growth %
Total Asset	9,803,419,796	10,089,329,608	2.92
Total non-current assets	5,945,057,531	5,929,813,404	(0.26)
Total Current Assets	3,858,362,266	4,159,516,204	7.81
Total liability	6,498,143,143	6,691,485,353	2.98
Total non-current liabilities	1,456,982,360	1,888,645,997	29.63
Total current liability	5,041,160,783	4,802,839,355	(4.73)
Total equity	3,305,276,653	3,397,844,255	2.90

During the year total assets has increased by 2.92 percent mainly due to a slight addition in Company's current assets. Also Company's total non-current liability increases by 29.63 percent as the Company incurred both Short term and Long term loans for financing purposes in the year. Moreover this year Company strived to keep the actual amount of work-in progress as low as possible, so as to reduce the amount of capital tied up in the production or manufacturing process and to maintain highest standard of its products by reducing the risk of obsolescence. Thus significant increasing in WIP capitalization can be found in the statement of company's financial position. On the other hand, during the financial year we had to avail additional long term loan facility for our Bag Plant machineries, production machineries of 4th unit etc. Therefore abrupt changes in the portion of long term loan can be seen in the yearly financial statements.

Deviation of Quarterly and Annual Financial Performance

Among the quarters, receivables and payables fluctuated considerably due to seasonal effect and frequency of business transactions in the latter half of the financial year. And the Company incurred most of the administrative expenses related

to utilities expenses, license renewal from different authorities and for vehicle maintenance during the fourth quarter of the financial year under review. Increased finance cost and marketing expense are also responsible for quarterly fluctuations in company's statement of comprehensive income. Furthermore this year the Company suffered from unfavorable outcomes from the exchange gain, as a result deterioration in the portion of other income/ (loss) can be seen in between the Quarterly results of the Company Financials.

5 years' performance indicators

Performance Measure	Indicator Name	30-Jun-15	30-Jun-14	30-Jun-13	30-Jun-12	30-Jun-11
	Current Ratio	0.87	0.77	0.75	0.68	0.98

Directors' Report

Risks and concerns

Sourcing cost

Cement industry is highly vulnerable to any volatility in the sourcing cost of raw materials as significant amounts of clinker as well as other raw materials have to be imported from different parts of the world as the country does not has these resources. But along with strategic decisions of imports, our extensive storage capacity of Clinker and finished goods protect us from any unfavorable temporary fluctuation in sourcing cost of raw materials.

Overcapacity

Although some major players are operating at 100% capacity but industry average capacity utilization stands at 75% for cement. Hence overcapacity in this industry is a matter of concern as it significantly increases competition and price confrontation among the market players. Being well aware of this risk our company strives to explore new export potential zones as well as local geographic areas for improving in sales. Also our best effort to ensure quality products as well as ascendancy in customers reach will surely facilitate us to gradually increase our capacity utilization rate.

Interest rate

Several times throughout the tenure the Company has procured working capital loan with variable interest rate. As it is assumed to have such credit facilities in future for smooth business operation, thus the Company is highly exposed to any fluctuations in interest rate. To minimize this exposure, the Company will try to emphasize equity based financing to reduce its future dependency on borrowed fund.

Exchange rate

Volatility in exchange rate can obtrusively affect us as we are involved in many cross-bordered transactions. Since we think proceeds from exports is must for the overall growth of our venture, hence conducting business beyond the border is an inevitable condition for us. But as far as exchange rate is in concern, every player in the industry involved in importing raw materials and relying partially on exports will equally be affected with any given fluctuation in exchange rate.

Going Concern

The company has adequate resources to continue its operation for the foreseeable future, thus the Directors are of the opinion that the Company is a going concern; and Financial Statements are also prepared on a going concern basis.

Other concerns

Unfortunately, there has been a dispute in ownership of a small portion of our project land. But the honorable court has given verdict in favor of the Company for 0.38 acres of land and

registration of the land has already been completed. On the other hand mutation of 3.20 acres of land is in process. In addition to that, the Company has applied for mutation of 0.72 acres land on September 28, 2011 out of which mutation of 0.63 acres of land has been completed.

IPO Fund Utilization

According consent letter No. SEC/CI/IPO-164/2011/1800 dated 13 December, 2012 issued by the Bangladesh Securities and Exchange Commission, we were not allowed to utilize the IPO proceeds before submission of the land rent receipts. Till date, we have not been able to provide the said rent receipt. However, on November 18, 2013, Bangladesh Securities and Exchange Commission permitted us to utilize the IPO proceeds but we were required to keep an FDR in a scheduled bank for an amount equivalent to the value of the lands for which mutation and rent receipt have not been submitted. The rest of the IPO proceeds were utilized for repayment of LC value of our Machineries for 4th Production Unit.

Dividend

For the year ended on June 30, 2015, the Company earned BDT 408 million as consolidated net profit after tax and has retained earnings of BDT 1,255 million. The Board of Directors in its meeting dated 23 September 2015 recommended cash dividend of 20 percent, i.e. BDT 2 against BDT 10 per share for the year 2014-2015.

Safety, Health and Environment issues

Creating safe and healthy work environment is a critical factor to the success of our business, and is perceived as one of the best ways to retain our staffs and maximize productivity. So, Premier Cement takes all possible measures to ensure that all its employees as well as communities within which it operates remain safe at all time. Company's safety measures, continuous risk assessment policy ensured a healthy and hazard free work environment for all employees in the workplace. Moreover we possess no tolerance in sacrificing our community's health issues as we all are part of the society. Environmental preservation is therefore one of the top priorities on Company's Safety, Health and Environment agendas. And Premier Cement is a certified company from the Department of Environment, Government of People's Republic of Bangladesh through abiding all the laws and regulations exerted by the above mentioned authority.

Corporate Social Responsibilities and Sustainable Development

Corporate social responsibility is a business philosophy that stresses the importance of keeping the best interests of the wider society in mind. Having goals and a vision for the Company that go beyond products and profits definitely provides a warmer image of our business and where customers will be more eager to engage with. Our CSR programs aim to address the sustainability issues

Directors' Report

that are most relevant to our business and focus on where we can have the biggest impact. Thus Premier Cement regularly takes different initiatives to confront various social problems in order to make a better Bangladesh tomorrow. A brief report on our CSR initiatives and sustainable development initiatives is given afterwards of the report.

Other disclosures

Related party transactions

During the year the Company carried out a number of transactions with related parties in the normal course of business on an arm's length basis. Names of those related parties, nature of those transactions and their value are shown in Note 27 of Consolidated Financial Statements. And no items of income and expense are to be presented as 'extraordinary gain or loss' in the financial statements for the current FY.

Board composition

Currently Board of Directors of the Company consists of 5 members including Managing Director. The Board was pleased to co-opt 2 (two) additional Directors as independent Directors on April 30, 2013 for three years tenure. Their appointments were duly approved in the 11th Annual General Meeting held on December 17, 2013.

Directors

As per Company Act 1994 and Article 140, 141, 142 & 143 of the Articles of Association of the Company, one third of the Directors retires by rotation in every ordinary general meeting. Accordingly, the retiring Directors were Mr. Md. Jahangir Alam and Mr. Mohammed Ershadul Hoque; being eligible, offered themselves for being re-elected as Directors of the Company. The Board of Directors recommends the retiring Directors to be re-elected.

Independent Director

Mr. Tariq Ahmed has been co-opted as Independent Director on the BOD meeting dated 3rd December 2014 of Premier Cement Mills Limited in place of the company's former Independent Director, Mr. Mahbubul Alam; who has resigned from his post on 24th November 2014 for personal reasons. It was also confirmed by the Board that, Mr. Tariq Ahmed will fill up the vacancy of Audit Committee and perform further as a member of the Audit Committee. The appointment of new Independent Director along with the re-appointment of Directors retired by rotation were both duly confirmed and

approved by the shareholders in the 12th Annual General Meeting dated 27th December 2014

Remuneration of Directors

Mr. Mohammad Mustafa Haider and Mr. Mohammed Ershadul Hoque, Directors of our Board of Directors are working diligently and sincerely for the Company. Mr. Mustafa Haider is looking after the Sales and Marketing and Mr. Ershadul Hoque is responsible for overall operation. Each of them receives a yearly remuneration of BDT 12,00,000. And none of other BOD members including independent directors is receiving any remuneration or benefits from the Company.

Internal control and adequacy of Audit Committee

Our Company has a well defined internal control system to support efficient business operations and statutory compliance. External Auditors carry out concurrent audit of financials which adds the stability of the entire internal control systems. Suitable internal checks have been built in to cover all monetary transactions with proper delineation of authority, which provides transparency at every stage of operation.

The Company has a strong system of budgetary control which covers all aspects of operations, finance and capital expenditure at a macro level by a monthly basis reporting directly to top management. Financial performances and efficiency parameters are monitored on a daily basis and actions are taken then and there. Currently, our Audit Committee consists of the following Directors:

- Mr. Rafiq Ahmad, FCMA
- Independent Director
- Mr. Tarik Ahmed
- Independent Director
- Mr. Mohammed Ershadul Hogue
- Director

Audit Committee:

Audit Committee of the Company includes two independent Directors and one shareholder Director. All the members of the Committee are financially literate. Mr. Rafiq Ahmad, FCMA was duly appointed by the Board as the chairman of the Committee and the Company Secretary is authorized to act as the secretary of the Committee. The duties of Audit Committee and their report on true and fairness of the Financial Statements are set out in Annexure II.

Member of Audit Committee

Mr. Rafiq Ahmad, FCMA
 Mr. Tarik Ahmed
 Mr. Mohammed Ershadul Hoque
 Chairman of the Committee
 Member of the Committee
 Member of the Committee

Statutory Auditors

M/s Hussain Farhad & Co., Chartered Accountants were appointed in the 12th Annual General Meeting to perform as external auditors for the year 2014-2015. The Board of Directors recommends for re-appointing M/s Hussain Farhad & Co. Chartered Accountants for the year 2015-2016 and to carry out their duties till the next AGM. The Audit Committee ensured that, in current year, no service other than statutory audit was obtained from the said auditor. In compliance with SEC Order No. SEC/CMRRCD/2006-159/Admin/02/09/ dated 30th May, 2006, the Company cannot appoint any firm of Chartered Accountants as its statutory auditors for a consecutive period exceeding three years. Therefore, being eligible, the Board of Director is recommending M/s Hussain Farhad & Co. Chartered Accountants as its statutory auditor for the year 2015-2016.

Governance, Ethics and its compliance

Good governance and ethical conduct provide the foundation for everything we do at Premier Cement. They help us earn trust, manage risks, foster sustainable growth, and build a resilient business. We aim to tackle challenging issues head on, make our communications and processes simple, hold everyone accountable, and empower all our employees to do what's right. Our Code of Business Conduct as well as our internal ethics upkeeps and tailored training, helps employees make ethical decisions. We believe continuous supervision in every business practice is the key to sustain in a leadership role. Therefore our Company is directed, administered and complied with the set of laws, policies and procedures exerted in Bangladesh Securities & Exchange Commission's (BSEC) Notification No. SEC/ CMRRC-D/2006-158/134/ Admin/44 dated 7 August 2012, Company ACT 1994 and Listing Regulations 2015 by Dhaka Stock Exchange.

The Directors' declaration, Shareholding pattern and CEO & CFO's declaration to the board for the year ended 2015 are appended as Annexure I, III and IV respectively. Further, the Corporate Governance Compliance Report and a Certificate of Compliance required under the said Guidelines, as provided by A. K. Mazumdar & Associates is also annexed to the latter part of the this report.

Acknowledgement

At the endnote, we would like to say that the Board is very thankful to our all employees, customers, dealers, suppliers, lenders and other stakeholders. We appreciate all our employees and admire their untiring efforts for betterment of company. And to you, our Shareholders, we are deeply grateful for the confidence and faith that you have always upon us.

Audit Committee Report

Annexure ii

Dear (Shareholder,

n behalf of the Audit Committee, I am pleased to present its report for the year ended 30 June 2015. During the year, the Audit Committee met four times and reviewed statutory reports, year-end results, key areas of judgment and complexity, critical accounting policies, provisioning and any changes required in these areas or policies. In addition, the Audit Committee reviewed the interim results announcement, which included the interim financial statements and the company's interim management results.

During the year, the Audit Committee opined that the internal control system including internal audits, financial and operational controls, accounting systems for timely and appropriately recording of purchase and sales, receipts and payments, assets and liabilities and the reporting structures are adequate and effective.

Audit committee also overseen the interim results and the audit outcomes with management and external auditor. It also reviewed the point(s) raised by external auditors in their management letter and the responses of the management thereto.

The audit committee of Premier Cement currently comprises two independent directors and one director namely:

Mr. Rafiq Ahmad, FCMA	Chairman of the Committee	
Mr. Tarik Ahmed	Member of the Committee	
Mr. Mohammed Ershadul Hoque	Member of the Committee	

Report of the Committee during the year

Significant issues and judgments that were considered in respect of the 2014-2015 financial statements and auditing procedures were as follows:

- The critical accounting policies, significant judgments and practices used by the Company are in compliance with required laws
 and regulations and recommended by the Board. The audited Financial Statements of the Company together with consolidated
 statements with its subsidiary and associate for the year ended 30 June 2015 represent fair and authentic view of the company's
 financials.
- Compliance of BAS and the disclosure of its financial information under BFRS have been maintained and the interim financial statements are prudent and credible.
- The state of compliance with Corporate Governance and other regulations as per the requirements of Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange (DSE) and Chittagong Stock Exchange (CSE) were ensured.
- The recurrent related party transactions entered into by the Company during 2014-2015 are observed and verified.
- The scope and extent of internal audit has been checked; and the adequacy of resources to maintain vigilant internal audit
 process has confirmed and appropriately placed thereto.

The Audit Committee also recommends regarding the appointment of External Auditors, reviews their Expression of Interest and auditing fees. In the year under review, the Committee assessed the ongoing effectiveness as well as quality of the external auditor and audit process and recommended M/s Hussain Farhad & Co., Chartered Accountants, for re-appointment as the external auditor of the Company for the year ending on 30 June 2016.

On behalf of the Committee

Rafiq Ahmad, FCMA Chairman of Audit Committee

CERTIFICATE OF COMPLIANCE To the shareholders of Premier Cement Mills Ltd.

We have examined compliance to the BSEC guidelines on Corporate Governance by Premier Cement Mills Limited for the year ended 30th June, 2015 as per the Notification No. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August, 2012 of Bangladesh Securities and Exchange Commission (BSEC).

The compliance to the codes of above Corporate Governance guidelines is the responsibility of the Company. Our examination was limited to the procedures and implementation thereof as adopted by the Management in ensuring compliance to the conditions of Corporate Governance. This is a scrutiny and verification only and not an expression of opinion or audit on the financial statements of the company.

In our opinion and to the best of our knowledge and according to the information and explanations provided to us, we hereby certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned guidelines issued by BSEC as on the date of issuance of this certificate.

October 20, 2015

For A. R. Mazumbar & Associates

Sustainable Development Report

The difference between 'Ordinary' and 'Extraordinary' is just that little **'Extra'.**

Sustainable Development

Premier Cement is always impatient to do a little more than ordinary as an entity. Getting out from the rat race and heading toward with society by occupying and contributing growth gave the Company an extra honor from the bottom of people's hearts. The Company developed a continuous Sustainable Development Policy that commits the business to work for the environmental, health and safety issues. It also addresses the supply chain and the community issues that our operations directly or indirectly affect. Our principles for sustainability stand for a set of focus areas that intersect with our business on a daily basis and guide our decisions that we make in day-to-day business operation. Many of these areas are associated with our inspirational, operational and product stewardship goals, which includes:

The concept of sustainable development is been always in our process and progress. The Company is dedicated towards the implementation of different pro-active sustainable activities such as environmental preservation, community development etc. as to fulfill its Corporate Social Responsibilities (CSR). We have devised a robust sustainable development process which has initiated by our management team. The process itself exhibits an elaborated procedure's layout as well as engagement with stakeholders and feeding their insights back into the process so that it can help business to prioritize concerns that ask for greater attention.

Sustainable development initiatives:

By adopting sustainable practices, companies can gain competitive edge, increase their market share, and boost shareholder value. Bearing these in mind we have developed several action plans and drives after assessing stakeholders' feedbacks, measuring their impacts as well as benefits on the environment and communities. The followings are the prime action plans that leading us to grow in a sustainable way.

Tree planting and awareness programs

Premier Cement aims to contribute to society through various activities based on the aspects of creativity and culture that stand at the core of our corporate philosophy. As a good corporate citizen, we encourage all of our employees to participate in creative activities nationally with an awareness of the importance of making a contribution to society mainly in the area of environmental conservation. Thus to maintain ecological balance and to protect our environment we are continuously arranging numerous tree planting drives and awareness programs to create environmental consciousness amongst the local habitants with the help of company's employees and stakeholders; intended to offset the carbon emissions associated with the industrial

revolution in the country. Our Corporate tree planting program is a part of our Sustainable development process that helps us to bring communities together and make a positive contribution to the environment as well. Every year, Company plants substantial number of saplings at road side and rural parts of the country. During the period under review the Company planted thousands of saplings in rural, coast and flood affected areas. Furthermore we arranged several awareness programs this year to educate, motivate and in order to create a sense of environmental responsibility towards the local people.

Advisory support

We provide exclusive advisory support to our clients and other land owners on how they can build eco friendly buildings. We know due to land shortage and higher demand for individual house units it became very difficult for individual home makers and apartment builders to give up an inch of space from their construction for environmental purpose. Thus our trained technical support team visits different sited in various locations, meets the land owners and contractors, and discuss green ideas and plans free of cost including in-house plantation, green decoration and eco friendly constructions.

Adequate dust collectors

We are aware about the fact of suspended particle and dust emission in our production process that can affect the environment and local health severely. But as we never compromise on any issue related to environment, therefore our whole production units are equipped with adequate number of dust collectors to keep the amount of suspended particles in the air far bellow than the acceptable limit. Thus Department of Environment, Government of People's Republic of Bangladesh has certified us by its environmental clearance. And our aim is to remain constantly as one of the most complied companies in the industry regarding bio-diversity maintenance and environmental preservation.

Reducing carbon footprint

The Company tries to maintain its production processes eco friendly and efficient as much as possible. To bring these into practice, Company strives to limit the fossil fuels consumption for combustion in its cement grinding plants by adopting prudent strategies. Also real time monitoring in every stages of production gives us the optimum level outcome of our fuels, utilities and natural resources consumption.

Waste management

Our process leaves a small amount of waste in few parts of whole production. And therefore waste management is an integral part of our industrial production. As a sustainer of "corporate Citizenship" we continuously monitor our production to ensure minimal wastage level and productive management of recycling the wastage materials which is beyond our control.

Sustainable Development Report

Corporate Social Responsibilities: Community

CSR reflects an organization's commitment towards improving the society's wellbeing and it also serves to enhance the organization's image. Premier Cement does not consider business is all about maximizing profit; rather it believes in contribution towards the society as a social obligation and in which our customers, investors like to be more engaged with. Thus Premier Cement always tries to explore thoughtful, comprehensive approaches to corporate citizenship that we believe aligns with Company's values and maximizes the impact it can make as a corporation. We primarily focus on specific societal issues like rural health, sanitation, education, and culture. Followings are the few CSR initiatives that we have carried on last year:

• Warm clothes giving drive:

Though the poverty incidence in our country is decreasing but still a significant number of our total population is living below the poverty line. Many of them live as refugees or in slums. During the winter they suffer a lot, even die from various seasonal diseases. As we feel their sufferings, we are arranging many warm clothes giving drives throughout the mostly affected parts of the country in winter season.

Vaccination drive:

We are arranging Hepatitis B and polio vaccination drives on yearly basis in some remote parts of the country with the help of local school authorities, our customers and employees. Some awareness counseling to the local residents about health and sanitation has also been placing along with these vaccinations drives.

Set up roadside directions and cautionary signs:

The Company has also constructed and placed many road side cautionary, directional signs last year in many tourist places and on the way of risky turnings to give appropriate directions to the motorists and to warn everyone about the risky turns ahead.

• Donation and construction:

We believe philanthropic contribution is the most effective way to eradicate social disparity. Thus our Company has been donating significant amount of money and its products over the years to different Mosques, Schools and Madrashas for construction purposes in the view of eliminating illiteracy and for socio-economic development of our country. Further, the Company constructed approach roads from Chittagong Port up to Issa Nagar by spending its own fund where thousands of local inhabitants are being benefited everyday.

Corporate Social Responsibilities: Workplace

Workplace CSR issues are the issues concerned with the working conditions, employees' health and workplace safety and their benefits; which result in the overall stability, reduce accidents and increase employee satisfaction. To ensure employee safety

and their satisfaction, we thus consider our employees and their workplace as important as the community and environment are. Because all of them lays in the same concern, the concern for society. So to be more social as a corporate citizen, Premier Cement continuously contributing in the following manners to ensure a better and more familiar workplace equally to every employee in the organization.

• Health and safety in the workplace:

Employee health is an asset for any organization because it has a vital connection with the performance of the company. Premier Cement is therefore engaged in a variety of initiatives to encourage every employee to maintain or improve his or her health and enable them to work with cheerfulness and vigor. These include highly subsidized hygienic in-house catering support, pure drinking water supply, in-house Gymnasium, recreation centre and the scope of regular medical checkups domestically. The Company also maintains strict safety procedures and conducts precautionary trainings for all employees in order to achieve zero accidents and to raise safety awareness among them.

Additive benefits:

We provide additive benefits and exclusion facility from financial obligations in case of emergency and for humanitarian reasons to every employee regardless of their designation. For instance we have been offering free of cost medical support to injured workers and giving them a helping hand to ensure their full recovery even if they need to set for overseas treatment. Premier Cement also grants exemption of financial obligations (such as loans, IOU etc) in case of casualties and offers them maximum possible afterservice benefits by contravening the generally applied rules.

• Training facilities:

Premier Cement provides two months of on-job training opportunity to all of its newly recruited employees, especially fresh talents. As we believe no one is well tailored in every aspect of a given job and the person who is newly joined needs a certain time to adapt the new environment, thus the Company nurtures the fresher's minds through a job specific mentor and helps to understand his/her responsibilities and the organizational culture as well.

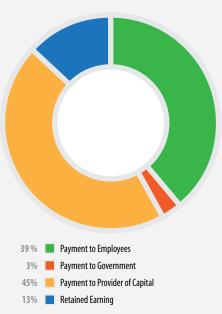

Apprenticeship opportunities:

To set up a bridge between theoretical knowledge and practical experience, every year our Company is providing paid temporary apprenticeship opportunities to local youths in order to flourish their competencies to farthest possible extent and to help them gaining professional experience as well. Many of them are now working successfully as permanent employees at both of our corporate office and factory premises.

Human Resource Accounting

Premier Cement considers Human Resource as the most important resources amongst all for any organization. The Company refers its human capital asset as the collective sum of the attributes, life experience, knowledge, inventiveness, energy, and enthusiasm that its people choose to invest in their work. The key functions of our Human Resources Management (HRM) include recruiting people, training, performance appraisals, motivating employees as well as workplace communication, safety, and much more. Premier Cement is always keen to measure the collective investment in human resources and its ROI toward the organizational goal. Human Resource Accounting is therefore a new adoption by the company's management which is developing day by day.

Human Resource Accounting gives information regarding inner strength of organization and helps in making decisions regarding long-term investment in that organization. The employee's bargaining power and performance are also affected by this. But, in spite of having such importance, study of human resource had not been given required attention by management thinkers for years. In Bangladesh HRA is also still not recognized in the financial statements, because they cannot be measured by generally accepted basics, in spite of the related costs incurred to hire, train etc. But for obvious reasons our management claims that human resources are the most significant, expensive, and the best asset in the entity that controls and directs the other resources. Moreover we also believe, only a dynamic HR pool can make every other segment in the organization productive as well as fruitful.

Demographic segmentation of our permanent Human Resources (Till June 30, 2015):

AGE	CORPORATE OFFICE	FACTORY	TOTAL
18-25	60	149	209
26-35	268	228	496
36-45	70	89	159
46-55	10	33	43
56 and above	05	05	10
Total			917

Brief and approximate outlay of our HR development for the year ended 2014-2015:

PARTICULARS	AMOUNT IN TAKA
Total cost of hiring	514,215.00
Average cost of hiring an incumbent	4,395.00
Total Cost of Training	2,928,824.00
Average cost of training (for both existing and new employees)	3193.91

Employee benefits outlay for the year ended 2014-2015:

PARTICULARS	AMOUNT IN TAKA
Salary	207,731,615
Directors' Remuneration	2,400,000
Labour Charges	23,335,870
Provident Fund	5,954,019
Workers Profit Participatory Fund (WPPF)	17,883,081
Gratuity settlement and Others	-
Total	257,304,585

Financial Statements

AUDITOR'S REPORT

to the shareholders of Premier Cement mills I imited

Second Constitution of the second contraction of the second contractio

have audited the ac companying consolidated financial statements of P remier Cement Mills Limited and its subsidiar ies, which comprise the consolidated statement of financial position as at 30 June 2015, and the consolidated statement of comprehensive income, statement of changes in equit y and statement of cash flows for the year then ended, and a summar y of significant accounting policies and other explanatory notes.

Management's Responsibility for the consolidated financial statements

Management is r esponsible for the pr eparation of these c onsolidated financial statements that give a true and fair view in ac cordance with Bangladesh Financial R eporting Standards (BFRS) and other applicable la ws and r egulations, and f or such in ternal control as managemen t determines is necessary to enable the preparation of these consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the audit or's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements, give a true and fair view of the financial position of Premier Cement Mills Limited and its subsidiaries as at 30 June 2015, and of their financial performance and cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS) and comply with the Companies Act 1994 and other applicable laws and regulations.

We also report that:

- i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- ii) in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books;
- iii) the company's statement of financial position and statement of comprehensive income dealt with by the report are in agreement with the books of account: and
- iv) the expenditure incurred was for the purpose of the Company's business.

For the year ended 30 June 2015

1.00 REPORTING ENTITY

1.01 Formation and legal status

Premier Cement Mills Limited, (hereinafter referred to as PCML or the holding C ompany) a Public Limited Company was incorporated on 14 October 2001 under the Companies Act XVIII of 1994 having its registered office in Chittagong. Presently the Company has a subsdiary namely "Premier Power Generation Limited" where PCML holds 96% of its shares and PCML also holds 40% shares of "National Cement Mills Limited" and exerts control on NCML with remaining 60% voting rights through common directorships.

Premier Power Generation Limited, (hereinafter referred to as PPGL or the subsidiary company) a private limited company was incorporated on 07 September 2006 under the Companies Act 1994 having its registered office in Chittagong with an installed capacity of 5.34 MW run by Natural Gas from TGTDCL. National Cement Mills Limited, (hereinafter referred to as NCML or the associate company) a public limited company was incorporated on 10 September 1996 with an installed capacity of 1400 MT per day at Issa Nagar, Karnafully, Chittagong.

1.02 Nature of business

The Company is manufacturing cement from various raw materials i.e. Clinker, Gypsum, Slag, Lime Stone, Fly Ash etc. at its manufacturing plant located at West Muktarpur, Munshigonj and marketing the same in local as well as foreign markets.

2.00 Basis of preparation, presentation and disclosures of financial statements

2.01 Statement of compliance

The financial statements have been prepared on a going concern basis following accrual basis of accounting except for cash flow statement in accordance with the I nternational Accounting Standards (IASs) and I nternational Financial Reporting Standards (IFRSs) as adopt ed in Bangladesh by the Institute of Chartered Accountants of Bangladesh as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs).

2.02 Other regulatory compliances

The Companies are also required to comply with the following major laws and regulation in addition to the Companies Act 1994:

The Securities and Exchange Rules, 1987

The Securities & Exchange Ordinance, 1969

The Income Tax Ordinance, 1984

The Income Tax Rules, 1984

The Value Added Tax Act, 1991

The Value Added Tax Rules, 1991

The Customs Act, 1969

2.03 Basis of measurement

These financial statements have been prepared on a historical cost basis except for property, plant and equipment which are measured at revalued amount.

2.04 Functional and presentation currency

These financial statements are prepared in BangladeshTaka (Taka/Tk.), which is the company's functional currency. All financial information presented in Taka has been rounded off to the nearest integer.

2.05 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of Assets, Liabilities, Income and Expenses.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

For the year ended 30 June 2015

- Note 4 Property, plant and equipment
- Note 6 Inventories
- Note 7 Trade and other receivables
- Note 13 Deferred tax liability
- Note 15 Defined benefit obligations (Gratuity)
- Note 16 Trade and other payable
- Note 19 Provision for taxation
- Note 29 Contingent liabilities

2.06 Changes in accounting policy

The company has applied the following BASs/BFRSs from the year 2013-2014

- BFRS 10 Consolidated Financial Statements
- BFRS 12 Disclosure of interests in other entities
- BFRS 13 Fair Value Measurement

These standards have been applied prospectively and are applicable to companies from 1 January 2013

2.07 Going concern

The company has adequate resources to continue in operation for foreseeable future. For this reason the directors continue to adopt going concern basis in preparing the Financial Statements. The current credit facilities of the company provide sufficient fund to meet the present obligations of its existing businesses and operations.

2.08 Applicable accounting standards

The following BASs and BFRSs are applicable for the financial statements for the year under review:

- BAS 1 Presentation of Financial Statements
- **BAS 2 Inventories**
- BAS 7 Statements of Cash Flows
- BAS 8 Accounting Policies, Changes in Accounting Estimates and Errors

- BAS 37 Provisions, Contingent Liabilities and Contingent Assets
- BAS 38 Intangible Assets
- BAS 39 Financial Instruments: Recognition and Measurement
- BFRS 3 Business Combinations
- BFRS 7 Financial Instruments: Disclosures
- BFRS 10 Consolidated Financial Statements
- BFRS 12 Disclosure of interest in other entities
- BFRS 13 Fair value measurement

For the year ended 30 June 2015

2.09 Reporting period

The accounting period of the company covers one financial year from 1st July to 30th June consistently.

2.10 Principles of consolidation and dislcosure of interest in other entitities

Subsidiary is an enterprise controlled by the parent entity. Control exists when an investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those re-turns through its power over the investee. The financial statements of subsidiary are included in the consolidated financial statements from the date that control commences untill the date that control ceases. The consolidated financial statements have been prepared in accordance with BFRS 10 Consolidated Financial Statements.

The group eliminates in full intragroup assets and liabilities equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full).

Non-controlling interests

The group presents non-controlling interests in its consolidated statement of financial position within equity, separately from the equity of the owners of the parent.

The group attributes the profit or loss and each component of other comprehensive income to the owners of the parent and to the non-controlling interests. The proportion allocated to the parent and non-controlling interests are determined on the basis of present ownership interests.

Premier Power Generation Limited is a subsidiary company of PCML. The Company has made 96% in vestments in its subsidiary. PCML is exposed to and has rights, to variable returns from the subsidiary and also has the ability to affect those returns through its power over PPGL.

National Cement Mills Limited is subsidiary of PCML. The company owns 40% of the equity share capital in NCML and also ex erts control on NCML with remaining 60% voting rights through common directorships. Hence, management has decided to consolidate the financial statements of NCML in accordance with BFRS 10 for reporting purpose.

3.00 Summary of significant accounting policies

The specific accounting policies selected and applied by the company's directors for significant transactions and events that have material effect within the framework of BAS-1 "Presentation of Financial Statements", in preparation and presentation of financial statements have been consistently applied throughout the year and were also consistent with those used in earlier years.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the BAS-1 "Presentation of Financial Statements". The recommendations of BAS-1 relating the format of financial statements were also taken into full consideration for fair presentation.

3.01 Consistency

The accounting policies and methods of computation used in preparation of financial statements for the period ended 30 June 2015 are consistent with those policies and methods adopted in preparing the financial statements for the year ended 30 June 2014.

3.02 Transactions in foreign currencies

Foreign currency transactions are recorded at the applicable rates of exchange ruling on the date of transactions.

Other monetary assets & liabilities if any, denominated in foreign currencies at the Balance Sheet date are translated at the applicable rates of exchange ruling at that date and the related exchange differences are charged off as revenue expenditure.

3.03 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

For the year ended 30 June 2015

3.03.01 Financial assets

The group initially recognises loans and receivables and deposits on the date that they are originated. All other financial assets are recognised initially on the tade date, which is the date the Group becomes a party to the contractual provisions of the instrument.

The group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

Financial assets include cash and bank balances, trade and other receivable, advances, deposits and prepayments, etc.

3.03.01.01 Cash and bank balances

This comprises cash in hand, deposits held at call with banks, and bank overdrafts are shown in current liabilities on the balance sheet which are held and available for use by the company without any restriction. There is insignificant risk of change in value of the same.

3.03.01.02 Trade and other receivables

Trade and other receivables represent the amounts due from local and foreign customers etc. Accounts receivables are stated at net.

Provision for doubtful debts is made based on the c ompany policy. Bad debts ar e written off on consideration of the status of individual debtors.

3.03.02 Financial liabilities

The group recognises all financial liabilities on the trade date which is the date the group becomes a party to the contractual provisions of the instrument.

The group derecognises a financial liability when its contractual obligations are discharged, cancelled or expired. Financial liabilities comprise trade and other creditors only.

3.03.02.01 Trade and other payables

The group recognises a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits.

3.04 Property, plant and equipment

3.04.01 Recognition and measurement

Items of property, plant and equipment are carried at revalued amount, being fair values at the date of revaluation less subsequent accumulated depreciation and subsequent impairment losses, if any.

Subsequent costs

The cost of replacing a part of property, plant and equipment is recognised in the carrying amount of the it em if it is probable that future economic benefits associated with the it em will flow to the en tity and the cost of the it em can be measured reliably. All other repairs and maintenance costs are charged to the statement of comprehensive income during the financial period in which they incurred.

Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited life. In respect of all other fixed assets, depreciation is provided on reducing balance method over their expected useful life & half year depreciation charged in addition to fixed assets during the year. The annual depreciation rates applicable to different category of assets are as follows:

For the year ended 30 June 2015

Category of assets	Rate						
Category or assets	PCML	NCML	PPGL				
Land and land development	0%	0.0%	-				
Factory Building	3%	5.0%	-

Software	10%	-	-				
Wheel Loader	-	7.5%	-				

Depreciation charged during the year is allocated to cost of sales, administrative expenses, carrying income / (loss) and selling & distribution expenses based on usage/consumption of economic benefits.

Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to profit and loss account.

Leasehold assets

Assets held under finance leases are recognised as assets of the Company at their fair value at the date of acquisiton or, if lower, at the present value of the minimum lease payments. The corresponding liability is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

3.04.02 Capital work-in-progress (with valuation method)

Property, plant and equipment under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is completed and measured at cost.

3.05 Inventories

Nature of inventories

Inventories comprise Raw Materials (Clinker, Gypsum, Lime Stone, Fly Ash, Slag), Packing Materials, Consumable Stores, Raw Materials of Bag Plant, Goods in Transit & Finished Goods (Cement) etc.

For the year ended 30 June 2015

Valuation of the inventories

Inventories are stated at the lower of cost or net realizable value in accordance with BAS 2"Inventories" after making due allowances for any obsolete or slow moving items, if any.

The cost is determined using the Weighted Average Method consistently. The cost of inventories comprises of expenditure incurred in the normal course of business in br inging such inventories to its present location and condition. Net realizable value is based on estima ted selling price less VAT in the ordinary course of business less any further costs expected to be incurred to make the sale (applicable variable selling expenses).

Category	Basis of valuation
Finished goods	At the lower of weighted average cost or net realizable value.
Raw materials	At the lower of weighted average cost or net realizable value.
Goods-in-transit	At the lower of weighted average cost or net realizable value.

3.06 Cash flow statement

Statement of Cash Flows is prepared principally in accordance with BAS 7 (Cash Flow Statement) and the cash flow from operating activities have been presented under direct method.

3.07 Impairment

3.07.01 Non-derivative anancial assets

Financial assets not car ried at fair value through profit or loss, loans and receivables are assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

3.07.02 Non-ànancial assets

The carrying amounts of the group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the recoverable amount of the asset is estimated. An impair ment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

3.08 Provisions, contingent liabilities and contingent assets

A provision is recognized in the balance sheet when the C ompany has a legal or c ontractual obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Contingent assets are not recognized.

3.09 Borrowing costs

Interest and other costs incurred by the company in connection with the bor rowing of funds are recognized as expense in the per iod in which they are incurred, unless such borrowing cost relates to acquisition / construction of assets in progress that are capitalized as per BAS 23 "Borrowing Costs".

3.10 Taxation

3.10.1 Current tax

PCML has been main taining provision for taxa tion @ 25% as per I ncome Tax Or dinance, 1984. C ompany also enjo ys tax exemption on export sales as per Sixth Schedule (Section 28) of ITO 1984.

For the year ended 30 June 2015

3.10.2 Deferred tax

Deferred tax liabilities are the amount of income taxes payable in the future periods in respect of taxable temporary differences. Deferred tax assets are the amount of income taxes recoverable in future periods in respect of deductible temporary differences. Deferred tax assets and liabilities are recognised for the future tax consequences of timing differences arising between the carrying values of assets, liabilities, income and expenditure and their respective tax bases. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantially enacted at the balance sheet date. The impact of changes on the account in the deferred tax assets and liabilities has also been recognised in the profit and loss account as per BAS-12 "Income Taxes".

3.11 Share capital

Paid up capital r epresents total amount contributed by the shar eholders and bonus shar es issued by the company to the or dinary shareholders. Holders of or dinary shares are entitled to receive dividends as declar ed from time to time and ar e entitled to vote at shareholders' meetings. In the event of a winding up of the company, ordinary shareholders rank after all other shareholders and creditors are fully entitled to any residual proceeds of liquidation.

3.12 Employee benefits

The company maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

3.12.01 Deàned contribution plan

The company maintains a recognized providend fund @ 7% of basic pay (Equally contributed by employee & employer) for all eligible permanent employees from 1st day of July 2010. The said fund is managed by a duly constituted five member board of trustees.

3.12.02 Deàned beneat plan (Gratuity)

The company main tains an unfunded g ratuity scheme, provision in r espect of which is made annually f or the employees. Gratuity payable at the end of each year are determined on the basis of following rules and regulations of the company.

Service length	Payment basis
Less than Five (5) years	Nil Amount. In case of deceased person & terminated by employer - One (1) times of last month basic salary x year of service(s)
For Five (5) years only	One (1) times of last month basic salary x year of services
Above Five (5) years but below Ten (10) years	One & half (1.5) times of last month basic salary x year of service(s)
Ten (10) years & above	Two (2) times of last month basic salary x year of service(s)

3.12.03 Other beneats

The company also recognizes a provision for Workers' Profit Participation and Welfare funds @ 5% of net profit before tax as per Labour Act 2006.

3.13 Revenue recognition

In compliance with the requirements of IAS 18: Revenue from the sale of goods (Cement) is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably. Specific policies regarding the recognition of revenue are as follows:

- i. In case of local sales as well as export sales revenue is recognized when the goods are delivered.
- ii. Interest income on bank deposits is recognized when income has been accrued.

For the year ended 30 June 2015

3.14 Earnings per share

The company calculates its earning per share in accordance with Bangladesh Accounting Standard (BAS) - 33 which has been reported on the face of Statement of Comprehensive Income.

Basis of earnings

This represents earning for the year attributable to ordinary shareholders and Non-Controlling shareholders. As there were no preference shares requiring returns or dividends, the net proofit after tax for the year has been considered as fully attributable to the or dinary shareholders.

Basis of earnings per share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share

No diluted earnings per share is required to be calculated per year as there was no scope for dilution during the year.

3.15 Duty drawback

Duty drawback claimed on export sales is adjusted against cost of imported raw materials.

3.16 Events after the reporting period

Events after the Reporting period that provide additional information about the company's positions at the balance sheet date are reflected in the financial statements if any.

3.17 Comparative information and re-arrangement thereof

In accordance with the provisions of BAS-1: Presentation of Financial Statements, Comparative information has been disclosed for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period's financial statements.

	a) All the advances of denosits amount is considered good and recoverable	:	, , , , , , , , , , , , , , , , , , , ,	

- a) All the advances & deposits amount is considered good and recoverable.
- b) The advance was paid to Rupayan Housing Estate Ltd. against purchase of 21,507 sft office space at 11th floor of Rupayan Trade Centre, 114 Kazi Nazrul Islam A venue, Dhaka 1215. The total contract value was Tk. 179,407,400 against which Tk. 125,000,000 was paid in advance.
- c) i) Initially PCML purchased the land from local land owner vide registration deed # 3503, 3504 & 3505 dt 31 O ctober 2001. Subsequently PCML came to know that the land is khass and accordingly PCML applied to the competent authority for long term lease with recommendation from Prime Minister office (Investment Wing). Being satisfied Ministry of Land directed Deputy Commissioner (DC), Narayangonj to give 350 Shatak land under long term lease in favour of PCML on 16.10.2006 vide letter no. Bhu:Ma:/Sha-8/Khajob/315/2002/1072/1. PCML c ommunicated with DC, Nar ayangonj on many occassions to complete the process but DC, Nar ayangonj was reluctant to comply the order of the Ministry of Land. PCML filed a writ petition to the Honourable High Court for complience of the order of the Ministry of Land by DC, Narayangonj (petition no. 7194 of 2009) which is currently under process. Considering the circumstances management has decided to transfer an amount of Tk. 20,259,493 from land and land development.
 - ii) Registration deed no. 84 dt. 06.01.05, 179 dt. 17.01.05 and 1468 dt. 14.04.05 c omprise 189 shatak land out of which muta tion of 76.50 Shatak Land are yet to be completed. Hence proportionate amount of Tk. 5,235,405 has been transferred from land and land development.
 - iii) Advance against land includes Tk. 4,701,931 paid to Mr. Nur Mohammed against purchase of Land, PCML filed suits as the seller was reluctant to give registration of the lands. The case against Nur Mohammed is yet to be disposed off.

36.00 Financial risk management

International F inancial R eporting Standar d IFRS 7 - F inancial I nstruments: Disclosur es - r equires disclosur e of inf ormation r elating t o: both recognised and unrecognised financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the Group's policies for controlling risks and exposures.

The management has o verall responsibility for the establishment and o versight of the group's risk management framework. The group's risk management policies are established to identify and analyse the risks faced by the group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the group's activities. This note presents information about the group's exposure to each of the following risks, the group's objectives, policies and processes for measuring and managing risk, and the group's management of capital. The company has exposure to the following risks from its use of financial instruments.

- a) Credit risk
- b) Liquidity risk
- c) Market risk

36.01 Credit risk

Credit risk is the risk of a financial loss to the group if a cust omer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group's receivables from distributors, institutional and export customers etc.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

In monitoring credit risk, debtors are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile etc. Accounts receivable are related to sale of cement & empty cement bag.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

36.02 Liquidity risk

Liquidity risk is the risk that the group will not be able to meet its financial obligations as they fall due. The group's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible that it will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the group's reputation. Typically, the group ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of financial obligations and accordingly arrange for sufficient liquidity/fund to make the expected payments within due dates. Moreover, the group seeks to maintain short term lines of credit with scheduled commercial banks to ensure payment of obligation in the event that there is insufficient cash to make the required payment. The requirement is determined in advance through cash flow projections and credit lines with banks are negotiated accordingly.

In extreme stressed conditions, the group may get support from the subsidiary and associate company in the form of inter-company loan.

For the year ended 30 June 2015

Contribution to WPPF	19,684,997	March 2016	N/A	19,684,997	-	19,684,997

36.03 Market risk

Market risk is the risk that any change in market prices, such as foreign exchange rates and interest rates will affect the group's income or the value of its holdings of financial instruments

a) Currency risk

The group is exposed to currency risk on certain revenues and purchases such as clinker, gypsum, slag, fly ash, lime stone and equipment purchases. Majority of the group's foreign currency transactions are denominated in USD and r elate to procurement of capital it ems from abroad. The group maintains USD bank accounts where 50% of export proceeds are deposited and certain import payments and foreign currency loan installment & interest theiron are made there from.

	2015	2014
	USD	USD
Exposure to currency risk		
Foreign currency monetary assets and liabilities		
Assets		
Trade receivables	67,638	176,306
Cash at bank	271,401	165,135
	339,038	341,441
Liabilities		
Trade and other payables	Nil	Nil
Net exposure The following significant exchange rates are applied during the year:		
Exchange rate of US Dollar	77.81	77.63

(ii) Foreign exchange rate sensitivity analysis for foreign currency expenditures

A strengthening or weakening of the Taka, as indicated below, against the USD at 30 June would have increased/(decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the reporting date. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2014, albeit that the reasonably possible foreign exchange rate variances were different, as indicated below:

Concitivity for foreign currency even ditures	Strengthening profit/(loss)	Weakening profit/(loss)
Sensitivity for foreign currency expenditures	Taka Taka	
At 30 June 2015 USD	(339,038)	339,038

b) Interest rate risk

Interest rate risk is the risk that arises due to changes in interest rates on borrowings. Short term bank borrowings are, however, not significantly affected by fluctuations in interest rates. The group has not entered into any type of derivative instrument in order to hedge interest rate risk as at the reporting date.

For the year ended 30 June 2015

(i) Profile

As at 30 June, the interest rate risk profile of the group's interest bearing financial instruments was:

	2015	2014	
	Carrying amount	Carrying amount	
Fixed rate instrument			
Financial asset	271,296,999	211,357,490	
Financial liability	5,814,948,954	5,601,781,426	
Variable rate instrument			
Financial asset	Nil	Nil	
Financial liability	Nil	Nil	

(ii) Cash flow sensitivity analysis for variable rate instruments

There being no variable rate instruments, sensitivity analysis has not presented.

36.04 Accounting classification and fair value

Fair value of financial assets and liabilities together with carrying amount shown in the statement of financial position are as follows:

	Carrying amount	Fair value
	Taka	Taka
Assets carried at fair value through profit and loss	Nil	Nil
Held to maturity assets		
Short term investment	41,433,771	41,433,771
Loans and receivables		
Trade and other receivable	1,390,891,206	1,390,891,206
Advances, deposits & pre-payments	1,070,746,142	1,070,746,142
Cash and bank balances	164,121,665	164,121,665
Available for sale financial assets	Nil	Nil
Liabilities carried at fair value through profit and loss	Nil	Nil
Liabilities carried at amortised cost		
Trade and other payables	349,797,791	*N/A
Short term bank loan	3,813,600,695	*N/A
Long term loan	1,506,723,099	*N/A
Current portion of long term loan	494,625,160	*N/A
Liability for other finance	76,714,212	*N/A
Contribution to WPPF	19,684,997	*N/A

^{*} D etermination of fair value is not required as per the requirements of IFRS/BFRS 7: Financial Instruments: Disclosures (ref: Para 29). However, fair value of such instruments is not likely to be significantly different from the carrying amounts of such instruments.

2015	2014

37.00 Others

37.01 Directors' remuneration

Salary, allowances and benefits	2,400,000	2,400,000
	2,400,000	2,400,000

37.02 Directors' fees for attending board meeting

Tk. 10,000 paid to each director for attending board meetings.

37.03 Receivable from director

No amount is lying as receivable from the directors.

For the year ended 30 June 2015

o∵.			
		2015	2014
37.04	Net asset value(NAV) per share		
37.04	Net asset value(NAV) per share Net Assets	3,397,844,255	3,305,276,65
		3,397,844,255 105,450,000	3,305,276,65 105,450,00

37.05 Interests in subsidiaries

The group does not have any unconsolidated structured entity.

There has been no changes in ownership interest in a subsidiary which may have resulted in loss of control.

	374,945,673	416,239,850
		181,456,221 597,696,071 (95,844,311) (126,906,087)

- a) All the advances & deposits amount is considered good and recoverable.
- b) The advance was paid to Rupayan Housing Estate Ltd. against purchase of 21,507 sft office space at 11th floor of Rupayan Trade Centre, 114 Kazi Nazrul Islam A venue, Dhaka 1215. The total contract value was Tk. 179,407,400 against which Tk. 125,000,000 w as paid in advance
- c) i) Initially PCML purchased the land from local land owner vide registration deed # 3503, 3504 & 3505 dt 31 @tober 2001. Subsequently PCML came t o k now that the land is k hass and ac cordingly PCML applied t o the c ompetent author ity f or long t erm lease with recommendation from Prime Minister office (Investment Wing). Being satisfied Ministry of Land directed Deputy Commissioner (DC), Narayangonj to give 350 Shatak land under long term lease in favour of PCML on 16.10.2006 vide letter no. Bhu:Ma:/Sha-8/Khajob/315/2002/1072/1. PCML c ommunicated with DC, Nar ayangonj on man y occassions to complete the pr ocess but DC, Nar ayangonj was reluctant to comply the or der of the M inistry of Land . PCML filed a writ petition t o the Honour able High Court for complience of the order of the M inistry of Land b y DC, Narayangonj (petition no. 7194 of 2009) which is cur rently under process. Considering the circumstances management has decided to transfer an amount of Tk. 20,259,493 from land and land development.
 - ii) Registration deed no. 84 dt. 06.01.05, 179 dt. 17.01.05 and 1468 dt. 14.04.05 c omprise 189 shatak land out of which muta tion of 76.50 Shatak Land are yet to be completed. Hence proportionate amount of Tk. 5,235,405 has been transferred from land and land development.
 - iii) Advance against land includes Tk. 4,701,931 paid to Mr. Nur Mohammed against purchase of Land, PCML filed suits as the seller was reluctant to give registration of the lands. The case against Nur Mohammed is yet to be disposed off.

(Mohammad Mustafa Haider Managing Director

AUDITORS' REPORT

to the shareholders' of Premier Power Generation I imited

We have audited the ac companying financial statements of Premier Power Generation Limited ("the company"), which comprise the statement of financial position as at 30 June 2015, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh F inancial Reporting Standards (BFRS), the Companies Act 1994 other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in ac cordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and per form the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the audit ors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes ev aluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements give a true and fair view of the financial position of the company as at 30 June 2015 and of their financial performance and cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS) and comply with the Companies Act 1994 and other applicable laws and regulations.

We also report that:

- i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- ii) in our opinion, proper books of account as required by law have been kept by the company so far as it appear ed from our examination of these books: and
- iii) the company's statement of financial position and statement of comprehensive income dealt with by the report are in agreement with the books of account and returns.

M. Hogve Director

Managing Director

For the year ended 30 June 2015

1.00 Corporate history of the reporting entity

1.01 Corporate history

Premier Power Generation Limited, a Private limited company was incorporated on 07 September 2006 under Company Act XVIII of 1994 Factory at West Mukterpur, Munshigonj with an installed capacity of 5.34 MW run by Natural Gas from TGTDCL.

1.02 Nature of business

To establish, run operate and maintain the power/energy projects in Bangladesh and to sell power/energy to its mother company Premier Cement Mills Limited or any other customers.

2.00 Basis of preparation, presentation and disclosures of financial statements

2.01 Statement of compliance

The financial statements have been prepared and the disclosures of information made in accordance with the requirements of the Companies Act 1994, and IFRSs as adopted by the ICAB. On the basis of these regulations, Bangladesh Accounting Standards (BAS) & Bangladesh Financial Reporting Standards (BFRS) were applied with the applicable standards at the Balance Sheet date.

2.02 Other regulatory compliances

The Companies are also required to comply with the following major legal provisions in addition to the Companies Act 1994, and other following applicable laws and regulations:

The Income Tax Ordinance 1984

The Income Tax Rules 1984

The Value Added Tax Act 1991

The Value Added Tax Rules 1991

The Customs Act 1969

2.03 Recording of transaction

Transaction has been accounted for presented in accordance with their substance and financial reality. The financial statement has been expressed in Bangladeshi Taka.

2.04 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on an ongoing basis.

2.05 Going concern

The company has adequate resources to continue in operation for foreseeable future.

2.06 Reporting period

The financial period of the company covers one year from 1st July to 30th June consistently.

3.00 Summary of significant accounting policies

The specific accounting policies selected and applied by the company's directors for significant transactions and events that have material effect within the fr amework of BAS-1 "Presentation of Financial Statements", in preparation and presentation of financial statements have been consistently applied throughout the year and were also consistent with those used in earlier years.

For a pr oper understanding of the financial statements, these ac counting policies are set out below in one place as prescribed by the BAS -1 "Presentation of F inancial Statements". The recommendations of BAS -1 relating the format of financial statements were also taken in to full consideration for fair presentation.

3.01 Consistency

The accounting policies and methods of computation used in preparation of financial statements for the period ended 30th June 2015 are consistent with those policies and methods adopted in preparing the financial statements for the year ended 30th June 2014.

For the year ended 30 June 2015

3.02 Property, plant and equipment

Recognition and measurement

The fixed assets of the company shown under "Property, Plant and Equipment" as per BAS 16 is initially recorded at historical cost. Historical cost includes its purchase price and any directly attributed cost of bringing the assets to its working condition for its intended use inclusive of inward freight, duties, non-refundable taxes and (a) the c ost of site preparation; (b) initial delivery and handling c osts; (c) installation costs; (d) professional fees such as for architects and engineers; and (e) the estimated cost of dismantling and removing the asset and restoring the site, to the extent applicable in line with the provisions under 'BAS 37: Provisions, Contingent Liabilities and Contingent Assets'.

Subsequent costs

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the income statement during the financial period in which they incurred.

Depreciation

AUDITORS' REPORT

to the shareholders' of n ational Cement mills I imited

Introduction

We have audited the accompanying financial statements of National Cement Mills Limited, which comprise the statement of financial position as at 30 June 2015 and the statement of comprehensive income, statement of changes in equity, and statement of cash flows and for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility to the financial statements

Management's responsibility for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act. 1994 and other applicable laws and regulations. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit; we conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with relevant ethical requirements and plan and perform the audit of obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements, prepared in accordance with Bangladesh Financial Reporting Standards (BFRS), give a true and fair view of the state of the company's affairs as at 30 June 2015 and of the results of its operations and cash flows for the year then ended and comply with the Companies Act 1994 and other applicable laws and regulations.

We also report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the company so far as it appeared from our examination of these books;
- c) the statement of financial position, statement of comprehensive income, statement of changes in equity and statement of cash flows dealt with by the report are in agreement with the books of account and returns.

- (e) notes, comprising a summary of significant accounting policies and explanatory information.

2.5 Use of Estimates and Judgements:

The presentation of financial statements requires management to make judgements, estimates & assumptions that affect the application of accounting policies and the reported amounts of Assets, Liabilities, Income & Expenses. Actual results may differ from these estimates.

2.6 Going Concern:

The financial statements for the year under review have been prepared under the going concern basis, as the management of the company believes that the company will continue in operation for foreseeable future and it has adequate resources to do so. The current credit facilities and resources of the company provide sufficient fund to meet the present requirements of its existing businesses and operations.

2.7 Functional and Presentation Currency:

These financial statements are prepared in Bangladesh Taka which is the company's functional currency.

2.8 Foreign Currency Conversion:

Foreign currencies have been converted into Bangladesh taka currency at the ruling rate on the transaction date.

2.9 Reporting Period:

The accounting period of the company covers one financial year from July 1 to June 30 consistently .

For the year ended 30 June 2015

2.10 Comparative Information:

Comparative information has been disclosed f or all numer ical information in the financial statement and also nar rative and descriptive information where it is relevant for understanding of the current year's financial statements.

3. Significant Accounting Policies

The accounting policy set out below have applied consistently to all periods presented in these financial statements and have been applied consistently by the company.

3.1 Property, Plant & Equipments (PPE)

Recognition and measurement:

Property, Plant & E quipments other than Land & Land D evelopment are stated at cost less ac cumulated depreciation. Land & Land Development are stated at cost, as depreciation is not chargable on this type of assets.

Subsequent Costs:

The cost of replacing a part of property, plant and equipment is recognised in the carrying amount of the item if it is probable that future economic benefits associated with the it em will flow to the en tity and c ost of the it em can be measur ed reliably. All other r epair and maintenance costs are charged to the statement of comprehensive income during the financial period in which they incurred.

Depreciation

Land is held freehold basis and is not depreciated considering the unlimited life. In respect of all other fixed assets depreciation is provided on reducing balance' method over their expected useful life at the rates varying from 5% to 25%. As a part of the companies policy half year depreciation is charged on the acquisition or addition made during the period under review.

3.2 Capital Work-in-progress

Proprety, Plant & Equipment under construction/acquisition is temporarily accounted for under capital work in process until construction/acquisition is completed & measured at cost.

3.3 Inventories

Nature of Inventories:

Inventories comprise of raw materials (Clinker,Fly Ash,Gypsum,Lime Stone,Slag), Packing materials (P.P & Paper Bag), Consumable Stores and Finished Goods (Cement).

Valuation of the Inventories:

Inventories are valued as below in compliance with the requirements of BAS:2 "Inventories":

Items	Basis of valuation
Raw Materials	Weighted Average Cost
Packing Materials	Weighted Average Cost
Consumable Stores	Weighted Average Cost
Finished Goods	Weighted Average Cost

3.4 Accounts Receivable

Accounts receivables are considered good. So no provision has been created for bad or doubtful ones.

3.5 Cash and Cash Equivalents

Cash and cash equivalents include cash in hand and balances with banks on current and deposit accounts which are held and available for use by the company without any restriction.

3.6 Cash Flow Statement

The Statement of Cash Flows is prepared principally in accordance with "BAS-7:Cash Flow Statement" and the cash flow from operating activities have been presented under direct method.

3.7 Revenue Recognition

In compliance with the r equirements of Bangladesh A ccounting Standard (BAS:18) "Revenue" revenue from sale of goods (cement) is measured at the fair value of the consideration received or receivable, net of eturn or trade discount or volume rebates. Revenue is recognised when the significant risk and rewards relating the ownership of goods have been transferred to the buyer, recovery of the consideration is probable and amout the revenue can be measured reliably. Specific policies regarding the recognition of revenue are as below:

For the year ended 30 June 2015

- (i) In case of goods sold (cement): sales revenue is recognised when the goods delivered to the customers and related invoice raised.
- (ii) Non-operating income: Non-operating income includes carrying income, rental income etc has been recognised on realisation basis.

3.8 Earnings Per Share

Earnings per share (EPS) has been computed by dividing the basic earnings by the number of ordinary shares outstanding at 30 June, 2015 as per Bangladesh Accounting Standard (BAS) - 33 "Earnings Per Share".

Basic Earnings:

This represents earnings for the year attributable to the ordinary shareholders. Profit/(loss) after tax has been considered as fully attributable to the ordinary shareholders.

Basic Earnings Per Share:

This has been calcula ted by dividing the basic ear nings a ttributable to the or dinary shareholders by the number of or dinary shares outstanding at the end of the year.

3.9 Borrowing Costs

Interest and other costs incurred by the company in connection with the borrowing of funds are recognised as expense in the per iod in which they are incurred, unless such borrowing costs relate to acquisition / construction of assets in progress which are capitalized as per allowed alternative treatment of BAS: 23 "Borrowing Costs".

3.10 Taxation

Current Tax

Current tax is the expected tax payable on the taxable income for the period, using tax rate enacted or substantively inacted at the reporting date, and any adjustment to tax payable in respect of the previous periods.

Deferred Tax:

Deferred tax is not recognised in the financial statements for the period under review.

3.11 Others

- (i) Figures have been rounded off to the nearest taka
- (ii) Figures in brackets indicate deduction
- (iii) Previous year's figures have been re-arranged whenever considered necessary to ensure comparability with current year.
